Dear Manjinder Singh,

Congratulations on your acceptance to the University of New Haven! You have prepared yourself academically to meet the challenge of higher education and pursue a bachelor's degree. In turn, we are prepared to help you financially as you strive to achieve your goals.

Based upon your impressive credentials, the University of New Haven is delighted to offer you an annual **\$20,000 Charger Award**. This merit-based tuition scholarship will automatically be awarded to you should you choose to attend the University of New Haven for the Fall 2023 semester.

Merit scholarships are guaranteed for your first year and renew each year, provided you remain a full-time undergraduate student and maintain satisfactory progress towards a bachelor's degree. Merit scholarships are renewable for up to a maximum of ten semesters and are applied only to tuition. Please also note that merit scholarships are in addition to any traditional need-based financial aid awards you may be receiving in the future.

You have made the wise choice to invest in a college education, one that will pay off during your lifetime. Higher than the national average, we are proud to share that 97% of our graduates from the Class of 2021 were employed, attending graduate school, or in military service within six months of graduating – which is only one important indicator of the return on that investment.

I congratulate you on your academic achievements and look forward to seeing you on campus!

Sincerely,

A handwritten signature in black ink that reads "Caitlin Locke".
