LETTER OF RECOMMENDATION

It is certified that **KOMAL D/o SH. ASHOK KUMAR** has been a bonafide student of GNM Course in the discipline of Statistics from the session 2013-2017 in this department. Her Registration No. is - 29291. During the session her character was good.

Through my observation, I would like to say that she is attentive, studios and possesses a positive attitude towards learning new methods. As a person she is always ready to take up responsibilities and she carries out her duties with immense dedication.

I strongly believe **KOMAL** will bring her unique energy, passion, optimism and tireless creativity to your class and university as a whole. I recommend her for the admission in higher education in your university.
