

I, Sukhmandeep Kaur, belong to Sirhind, Punjab, India. I have done my Matriculation from Punjab School Education Board in the year 2015 and my Senior Secondary Education from the same board in the year 2017. I did my Bachelor of Arts from Punjabi University Patiala in the year 2020. I have also given a language proficiency test (Ielts) in Feb 2022 and scored an Overall 6.5 bands overall. Now I want to pursue MBA.

So, while searching, I have read about Saint Leo University on internet. Saint Leo is one of the top ranking universities in Central Florida that has a tradition of welcoming students of all faiths. It emphasizes on real-world experience, professional research and an international approach—in high-tech, eco-friendly College of Business building at University Campus. It help us to learn how to use marketing, finance, management strategies, ethics, law and human resources to our advantage in any size organization—large or small, public or private, profit or nonprofit. It foster a spirit of belonging, unity, and interdependence based on mutual trust and respect to create socially responsible environments that challenge all of us to listen, to learn, to change, and to serve.

The MBA program structure focuses on building theoretical base along with the practical employment basis skills. It is a versatile business degree. It offers students a way to learn the basics in business and management and is ideal for those who want to master certain skills in leadership, communication and critical thinking. This program will build my skills and develop new ones, such as the ability to manage diverse teams around, develop an understanding of integrated management required to lead teams and attain the goals of the organization. It would provide me knowledge to recognize importance of the globalization of business through concepts on business economics, leadership and organizations and business strategies.

During this course I will study course content like that Strategic Human Resources Management, Global Marketing Management, International Operations and Project Management, Strategic Leadership and Organizational Transformation, Enterprise, Innovation and Creativity, Contemporary Strategic Management in

Global Contexts, etc. I will get an opportunity to develop knowledge and skills as a business manager in the Business sector. It will provide a platform to improve effectiveness in present and future management roles. So, going deep into the professional benefits of the course I would be very happy to achieve a Master of Business Administration degree. The scope of Master of Business Administration is very much demanding and vast. After completion, there will be great opportunities for me in government as well as private organizations in my home country.

I am confident that studying at University of Saint Leo will empower me with sound knowledge of the basic principles of this field and help me acquire the necessary skills to reach my goal.
