

Statement of Purpose

I introduce myself as **Ratinder Singh Thandi** residing in Ludhiana, Punjab, India. Coming on to my educational background, I have done **Matriculation** in **2016** and **Senior Secondary** in **2018** from **Punjab School Education Board**. I also appeared for IELTS exam and scores 6 bands overall. Then, I decided on to pursue further studies from **United States of America**.

I have finalized **United States of America** as my study destination for the ample benefits it offers us. The American Universities are providing advanced and up to-date programs. It has a strong value for education that is reflected in the country's outstanding colleges and universities and its academic excellence. The universities are internationally ranked with many strong programs in a variety of areas. The USA universities have large degree of responsibilities to teach students which can provide some challenging and unique opportunities in which critical thinking and innovation both are highly encouraged. This country is a great choice for students who are self-motivated; goal- oriented and wants to make the most. The support services for the international students are among best in the world. This country provides international students with diverse, challenging and rewarding career options that make a real difference in people's lives.

Webster University is dedicated to excellence in teaching, scholarship and service. The university offers a comprehensive, value-centered learning experience that emphasizes leadership and other values. The most important thing from this university that a graduate has on leaving the university is the ability to think critically and to communicate clearly. The university has a proven record of successful students in terms of academic achievement. The major components involve increased flexibility that allows students to either specialize immediately or over time so they make the best choice for their future. The teaching is excellent, delivered by leading international researchers who are committed and connected to their students. It will give me an upper hand over the Indian professionals and I will also get the opportunity to interact with high profile professors, peers and industry experts which will be extremely enriching and rewarding experience, resulting in a dynamic global recognition to the credentials from this University.

I have taken the **Bachelor of Science in Business Administration** at **Webster University**. The program will equip me with critical thinking skills, data analysis tools, and the art of effective communications to help me make wise decisions for future organization I will work with. This program provides an integrated business education, focusing on equipping me with a solid foundation in functional areas of a modern commercial enterprise crucial for the challenges and responsibilities of

today's business world. I will be studying courses like business foundation, management principles, international business, and legal foundations of business, Quantitative analysis and many more. The degree will help me to quickly obtain the best positions in the competitive field of business. This field offers stable careers with job opportunities growing at about an excellent rate when compared to other industries.

The successful completion of this degree will provide knowledge and skill set gained during my study tenure will help me to climb faster the ladder. I believe that I have taken the right decision and after graduating from your renowned institute I will become an accomplished professional.

Regards

Ratinder Singh Thandi
