## GAP

After completing bachelors in nursing in 2016, I started working as a staff nurse in a private hospital where I worked till 2020. During lockdown, I left my job and after a proper stabilized situation, I rejoined in the year 2022 as a staff nurse in a govt hospital. I am currently working on the same profile. I had a great learning experience on the role. However, to take up new responsibilities, I decided to be specific with skills in mental health counselling that will give me a upliftment in the nursing profession.
