LETTER OF RECOMMENDATION

I am privileged to write in support of my dear student **Abhishek Aneja** (11410603). I had several opportunities as a faculty member at the school of agriculture to pay close attention to him. Through my observation, I would like to say that he is attentive and studious and always possesses a positive attitude toward academics. Throughout his course of study, he has shown great interest in practical aided learning techniques. He consistently performs his job to a high standard.

He consistently displays interest in giving case studies. He completes his task on schedule and is always on time. He can interact well with others and express his opinions eloquently. He demonstrated his enthusiasm for learning through our numerous discussions about courses and research. He never hesitates to ask his doubts about the subject in the crowd, this shows me his interest and dedication to this field. He is a quick and competent learner.

If given the chance, I can declare with certainty that he will demonstrate his abilities in all of his endeavors. He excels at extracurricular activities and has planned numerous college festivals, demonstrating his leadership abilities. If given the chance, he will prove himself in all of his endeavors thanks to his talent, diligence, and tremendous desire for determination.

He is among the top scholars I have ever had, and I am pleased to suggest him to your university. I can predict with certainty that he will eventually be your university's top student. I wish him many successes in the future.

Dr. Chandra Mohan
Professor & Dy. Dean
