LETTER OF RECOMMENDATION

I present myself as Dr. Mayur S. Darvhankar, Assistant Professor in School of Agriculture at lovely professional university, Punjab. I am writing this reference letter in support of **Abhishek Aneja** (Registration No. 11410603) who dreams entering in your eminent university. I know him very well.

I taught him the course Sustainable Agriculture and Organic Farming in his 5th semester he was good at learning the concepts of the sustainable agriculture development. He is very hardworking and passionate about the work. I saw his performance was exceedingly high and secured good grade. He is active in work and very confident about carrying out a particular task as a mentor.

I've seen that he has amazing skills. He interacts with his classmates, shares his knowledge to them, and is very responsible with regard to his projects. He also has a strong foundation. He has shown his interest in both academics as well as in extracurricular activities. He maintains good discipline and is committed to his duties I assure that these qualities will greatly help him during the course in this degree.

I am confident enough that he will add a great deal and prove to be an asset for your renowned organization, if given chance based on my good knowledge of Abhishek's capabilities. I strongly recommend his application for study in your esteemed institute.

I wish him success in life.
