Gap Justification

After completion of my senior secondary in the year 2013 after that I joined a IDBI bank as a account opener & worked for the period of 2 years till 2015. After the same started assisting my father in the family business where I used to look after the finances & administrative work of the business. Assisting him I realised that I need to upgrade my knowledge & skills in the field of management & researched for the universities & found found usa as the suitable destination for the management program. started applying to the U.S.A universities but due to the outbreak of pandemic the process delayed. When the situation got normal I applied for the present intake.
