In 2017 I started working as a computer programmer, which I had to leave in 2019 due to the covid outbreak. The year 2020 was very hard for everyone and my predicted family tone because remain at home only. In the year 2021, I did two online courses in introduction to software product management and project planning. Since, I was aware about competition in my sector. I decided to add management skills in my profile by pursuing an MBA program from the USA. Accordingly I appeared for IELTS and after applying, I received my i20 for the fall 2023 intake.
