Letter of Recommendation

It gives me pleasure to recommend Mr. Harjeet Singh S/o Mahinder Singh for further studies. He has been a regular student of LL.B. (Three Year Course) in sessions 2014-15, 2015-16 and 2016-17.

He has been a very hard working, sincere and intelligent student who has always excelled in his studies. He took keen interest in anything new in the field. He had a very good practical hand and used to complete his assignments well in time.

In my personal interaction with him during LL.B. studies, I had an opportunity to observe him closely and assess him on some legal issues. He has a sense of commitment and is highly self motivated and ambitious person. His language of instruction, assessment of the course and the examination held was in English.

I wish him the best in future. I recommend his name for further studies.
