**The Letter of Recommendation**

To whom it may concern

I am pleased to write a letter of recommendation for Mr. Sagar Kumar S/O Sukhvinder Singh. I highly recommend him for the admission to master's program at your university of international repute.

Mr. Sagar Kumar earned his Bachelors' degree (B.Sc. Medical) from Pandit Chiranji Lal Sharma Government College, Karnal affiliated to Kurukshetra University, Kurukshetra, Haryana, India. I have known him for three years as a student of Zoology during his bachelor's in science program from session 2015-16 to session 2017-18 which he successfully completed in June 2018 with good grades. Specifically, during his final year of B. Sc. I had had an opportunity to keenly observe his participation and interaction during the theory and practical classes and to evaluate his domain knowledge. He always tried to apply a critical and positive approach in problem solving and showed competence during regular assignments and class seminars and presentations. I often observed his curiosity and determination to continuously update his knowledge. He has good command over English language and has excellent communication skills and the B.Sc. Program he did had medium of instructions and medium of examination as English.

I highly recommend his application for further education and wish him success in future endeavour. If you would like further information, please feel free to contact me.

Sincerely,

Dr. Parveen Kumar Vats  
Associate Professor  
Department of Zoology
