## Letter of Recommendation

It is the great pleasure to recommend kamaljeet Kaur for admission to your university. I have known kamaljit Kaur for 3 year (2014-17) during her Bachelor of Commerce. During that time, I watched her grow into an outstanding individual who excels in both her academic and personal pursuits. She is well loved by her peers, as well as all those who have had the pleasure of teaching her.

Considering her motivation and intelligence, I strongly recommend her, without any hesitation for admission into your university. I have absolutely no holding back in recommending my student kamaljeet Kaur to your university. I wish her all the best in her future endeavors.
