

Statement of Purpose

I, Mandee Kaur, would like to introduce myself as a dedicated, selfless and passionate person. Regarding my education, I completed my High school from Punjab Board of Education in 2014 and completed senior secondary school with the same board in 2016. Then I started my undergraduate studies and got my degree in Bachelor of Vocation from University of Punjab, Patiala in 2019. As we all know that India is very competitive. I realized that getting a good job and finding it and overcoming that challenge had to be something that appealed to me. That's why I decided to get an international certificate from America.

USA Colleges are known for its simplicity. Students studying with them are not limited to a strict curriculum. University has a lot for every student. The structure of the program refers to the development of theoretical perspectives and operational strategies. The teaching is interactive, very business-like with an emphasis on knowledge and skills. Also, health makes people good. In the social and social world, employers add value to graduates with international knowledge and education. Studying in America will help me learn a new language, appreciate other cultures, overcome the challenges of living in another country, and understand the world better. America has one of the best education systems in the world, with the best programs in all subjects.

After deciding on my education, I started looking for the school that best suited my interests and chose Lincoln University. Lincoln University puts its students at the center of everything they do and is renowned for its innovative teaching, earning a five QS Star rating and the highest gold standard overall score in the National Teaching Excellence Framework. Lincoln University is an ideal place to create world citizens through international education. Every course at this school is designed to ensure that all knowledge and skills are useful to graduates and to give students the skills they need for the future. It ensures that every part of students' learning has a purpose and brings them closer to achieving their career goals. Their good and rigorous curriculum, wonderful teachers, and appropriate facilities provided me with everything I needed to ensure my future success. Known for its international perspective, Lincoln University offers international students a unique, practical and

professional education. I decided to study MBA. The Lincoln International Business School MBA program is based on the importance of sustainable development and responsible management. Its services are designed to provide the knowledge, perspective and critical insights managers and professionals need to succeed in a rapidly changing world. This course will prepare me for a good career and will help me develop professionally and personally. For most people who want to pursue a career in business, an MBA is often considered a worthwhile investment, but people seek this degree at different stages of their careers. I will prepare you to succeed in a changing environment and give you the tools you need to support growth and development to succeed in global business. The MBA provides students with the knowledge and skills they need to succeed in the business world. An MBA will open up a world of opportunities and take your career to the next level. Therefore, I will personally prepare myself, improve my self-confidence and learn to communicate effectively. I will be a good person when I grow up.

I will come back to India after completing my masters because there will be many opportunities and I will be working there as medical officer, accountant, checking job tracking etc. I can even work in other jobs in the government. I know I have the determination, passion and enthusiasm for this exciting and rewarding career.
