It gives me immense pleasure to write this letter of recommendation for Mr. Vishal Mehta S/O Sh. Sukhdev Raj. As a Head in Department of Mechanical Engineering I have taught Vishal Many subjects like Industrial Engineering, Entrepreneurship etc. During his coursework I found him a very curious, hardworking and intelligent student. He proved to be a capable and motivated student who has all the capabilities to succeed in the field of engineering. Vishal has always shown his keen interest and talent for Mechanical Engineering. He has always been a student who is ready to listen and act upon any advice he was given. Vishal has proved his ability to work both in groups and as an individual. He is very much interested in the field of manufacturing and is eager to learn new concepts and technologies. He has actively participated in academic as well as extracurricular activities. His Academic Projects were quite impressive and were among the few best projects carried out in the Department.
