

## **Statement of Purpose**

I am Manpreet Singh resident of Balwari School Wali Gali, W.No.16 Giddarbaha, Sri Muktsar Sahib Punjab India. Regarding my education, I completed my matriculation from Punjab School Education Board in 2016 and completed my senior secondary education from Punjab School Education Board in 2018. After that I started my bachelors from Maharaja Ranjit Singh Punjab Technical University in Bachelor of Computer Applications and I got degree in 2021. I have taken IELTS exam in 2023 and I scored overall 5.5 Bands in IELTS. After that I decided to pursue my Masters from USA.

I chose America. The United States is a wonderful country famous for its teaching and research. US universities are the largest study destinations for international students studying abroad. The learning process is flexible and dynamic. These schools have the best programs in all the subjects they offer, and degrees from American universities are also very good. Students also have the opportunity to study and work with leading experts and researchers in the field. It also gives more information on required skills and job-related skills. These universities are leaders in technology and offer a wide range of academic, cultural and sports options that help students become global citizens and make new friends. It improves self-confidence, communication skills and thinking skills.

After extensive and deep research, I chose Lincoln University. It is renowned for excellence in education, expertise and cutting-edge teaching methods. The teachers here are qualified, understanding, helpful and always educate students on relevant topics. The school offers a variety of special education programs. Its main task is to teach students not only theoretical ideas, but also the process of discovery, analysis and application. Lincoln University is listed as an eligible institution in the Directory of Accredited Universities published by the US Department of Education and CHEA. Its location close to the bay allows students to participate in some of the best outdoor activities around. It offers an outstanding curriculum of business administration with a variety of concentration areas. Further, they not only teach students concepts but also the process of discovery, analysis, and successful application. It has been recognized by U.S. News and World Report's Best Colleges Guidebook for over 20 years and continues to be one of California's best educational institutes with five stars awarded from the U.S. News and World Report Ranking System.

I selected to do MBA as it is a popular program in today's modern era. It can enhance marketability as a professional and also the quality and quantity of job opportunities. It will build business, leadership, managerial, and leadership skills as well as a professional network. Moreover, it can improve confidence through leading team projects, taking strategic risks in a safe environment and getting real-time feedback. It will also give an in-depth knowledge of management principles and will also equip me with knowledge of real-world business situations. So I think it will grow me personally as well as professionally.

After completing my Masters in MBA, I will return to my home country where I will be able to work there in various fields as well as in government sector. I believe that studying at Lincoln University will empower you with a thorough knowledge of the basic principles of this field and will help me to achieve my goal.

Regards  
Manpreet Singh
