## Letter of Recommendation

It is a pleasure to write a letter of recommendation for Parvish Kamboj. As I have observed, I would like to say that he is attentive, studious and articulate. He always has a positive attitude towards study.

He is very hard working student. He is keen to learn the new things. His assignments have been neat and precise to the points. Given a task he is able to complete it within the provided time limits. He has never given one an opportunity to rebuke her for anything. He is always attentive to whatever has been taught in class. He is always well prepared with his course work.

I have a strong opinion that he has incorporated the right aptitude to do well in higher studies and hence strongly recommend him for an admission to your esteemed institution.

I wish him grand success in all his future endeavors.

Thanks and Regards

## Letter of Recommendation

It gives me an immense pleasure to write a letter of recommendation for **Parvish Kamboj**. He had been my student for **3 years (Session 2013-16)**, and as per my observation, he was always eager to learn the new things. He was well disciplined student with a pleasant personality.

**Parvish Kamboj** had excellent communication skill. He was very dynamic outside the classroom too. He had also participated in all the academic and non-academic events happened during the year. He also demonstrated good teamwork skill in all the group assignments.

Although timid and placid, he has friendly and optimistic attitude, always ready to lend a helping hand towards his friends in times of difficulties.
