Congratulations, Kirandeep Kaur!

On behalf of President Steven H. Kaplan and our family of nearly 60,000 alumni, I am delighted to inform you that you have been accepted into our **Cybersecurity and Networks, MS** program for the **Spring 2023** term.

At the University of New Haven, we are confident you will have an exceptional graduate experience and will build a strong network necessary for success in today's highly competitive world. Our rigorous academic programs and dedicated faculty will assist you in fulfilling your career goals and will set you on the path to professional growth.

We are guided by the following core values as they are the foundational elements of our culture and how we approach issues and make decisions essential to advancing the University of New Haven Mission.

- **Student Centered:** We place their success at the center of our decisions and activities to cultivate their full potential academically and personally.
- **Engaged and Inclusive Community:** We foster and celebrate diversity, inclusion, equity and access and strive for continuous improvement of these.
- **Impactful Education:** We intentionally engage our students in experiential education to prepare them for purposeful and fulfilling lives in a global society.

To begin the process of enrolling at the University of New Haven, please complete your offer reply form within your Accepted Student Portal by August 25, 2022. Once you have received your F-1 visa (passport stamped by the US Embassy), you will need to pay an enrollment deposit of \$300 to ensure your seat is confirmed for your program. The enrollment deposit is \$300 for students living off campus or \$500 for students looking for on-campus residential housing. An enrollment deposit is required for all graduate students who decide to attend the University of New Haven. Your acceptance is contingent upon the receipt of all final official documents and official test scores, if applicable.

We look forward to you joining our community and wish you every success in the future.

Sincerely,

A handwritten signature in black ink that reads "Jason Riendeau".

Jason Riendeau  
Associate Vice President for Enrollment

# University of New Haven

**Academic Conditions:**

**Core Courses:** CSCI 6604, CSCI 6610, CSCI 6642, CSCI 6643 ( These core courses need to be taken in addition to the 30 credits)

Dear Kirandeep Kaur,

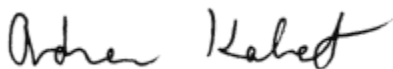

It is my pleasure to inform you that you have been accepted into the Master of Science in Cybersecurity program at Grand Valley State University. On behalf of the staff and faculty we would like to welcome and congratulate you.

Students choose the Cybersecurity program at Grand Valley State University because of the quality of instruction and the wide coverage of the cybersecurity field. Beyond the core of cybersecurity classes electives are offered on a wide variety of computing topics. By choosing appropriate electives, you can prepare yourself to apply the cybersecurity skills you will gain to nearly any subfield in computing.

It is imperative that you understand the program requirements, as well as any course prerequisites. Therefore, all Cybersecurity students are **required** to submit a detailed plan of study before enrolling in courses. The plan of study must specify which courses you are planning to take and in which semesters. You can find more information about requirements and prerequisites by consulting the GVSU catalog or by visiting our web site at [www.gvsu.edu/grad/cybersecurity](http://www.gvsu.edu/grad/cybersecurity). When your plan of study is complete, please email it to me for review.

I look forward to working with you as you pursue your Master of Science Degree in Cybersecurity at Grand Valley State University. If you have any questions, please feel free to contact me.

Sincerely,

Andrew Kalafut, Ph.D.  
School of Computing and Information Systems
