## LETTER OF RECOMMENDATION

I am writing in enthusiastic support of Mr. Aditya S/O Parmod Kumar to pursue his higher education in your university. He has been known to me for last three years during his stay at the college/institute for bachelor's degree. He distinguished himself in the Bachelor's degree by receiving the highest grade in the class. But this accomplishment only scratches the surface of his ability and character. He is the type of person who loves learning. He's one of those rare people who works very hard and diligently, but does so with a smile on his face. He is a scientific humanist, with a genuine caring for others. He was well-liked and admired by his peers in college. Moreover, He was an articulate, polite, informed, and motivated student of our college. In short, Aditya's high potential and keen interest in indian politics expertise set him well above others at his level of education. I warmly recommend him for higher education at your university.
