## Recommendation Letter

It gives me pleasure to write an academic reference for Ms. ANJALI D/o Mr. Naresh Kumar & Mrs. Deeksha. I knew her as a student of B.Com (Bachelors of Commerce) Since 2020 to 2023. She studied all the subjects in English medium. During her study I found her hardworking, confident and sincere. Her attitude towards study had always been positive and as a result she always completed her assignments in time. She possesses pleasing personality and well coordinated with her colleagues. She has been a social person and always willing to help the colleagues.

I am sure she will be an asset to any institute she joins. I strongly recommend her candidature in your institute. I am confident that with her thorough knowledge of the subjects, sincerity towards work and positive attitude, she will be an asset to your institute. I wish her success in the coming future. For any further details feel free to contact me.
