## Letter Of Recommendation

Subject: Letter of Recommendation for Mr. Gurpreet Singh Gill

I take immense pleasure in recommending **Mr. Gurpreet Singh Gill, Roll number 1724502**, who has expressed his will to pursue further study in your esteemed university. I have known him since 2017 when he joined the college and within these four years he has grown immensely. Through my interactions with Gurpreet Singh Gill, I found that he is a dedicated, hard-working and sincere student. Right from his first year, he has always been very keen and experimental to learn new things. I have even taught him "Design & analysis of algorithm" in fifth semester, 'Web Technologies' in sixth semester and "Operating System" in his fourth semester. While teaching her, I realized that he has a very good grasping power and yearns to gain in depth knowledge Gurpreet Singh Gill is a perceptive, sharp, quick individual with a high aptitude towards Linux Systems and Networks. He is also an excellent orator and has a very innovative personality which I observed when he gave in-class presentations on my subject. Based on my observation, Gurpreet is a responsible, logical and a bright student, who has a keen interest in technical knowledge. I am confident that he has the potential to be an outstanding student at your university. Thus, I hereby strongly recommend him for admissions at your institution. Please feel free to contact me on the undernoted address.

Yours Sincerely,
