During his study I got the opportunity to closely interact with his over a period of four year. He had English as Compulsory Subject and always impressed me with his learning skill. He is an intelligent, energetic, and motivated. He has good understanding of English subject. I have always found his to be very committed and hard working.

His Medium of Instruction was English. He has a keen interest in English. He was always keen to share and learn new skills. Having known his as a student, I state confidently that he can accomplish any task assigned to his with devotion and bring laurels to the institute in which he studies. So, I strongly recommend his admission into your university with adequate financial aid and I am sure you will also feel the same.
