CUSTOM QUESTIONS CONTINUED

INTERNATIONAL FINANCIAL CERTIFICATION

- * 1. In order to study in the United States as an international student, you must document that you have sufficient financial resources to complete your course of study. You must prove that you have enough funds to cover all the costs associated with your first year of full-time study. Each CSU campus determines the typical costs for international students. This budget includes registration fees, housing, books, other living expenses and miscellaneous costs.

As an international student you will need to have your financial institution provide a certification that you have at least the amount required available, or that funds are available from a reliable source. International students should not expect to work to cover the cost of their education in the United States.

Federal/state financial aid is not available for international students. Campus or private scholarships may be available for international students but are not sufficient to cover all expenses.

Answer: Check box to Acknowledge
