LETTER OF RECOMMENDATION

It is my pleasure to recommend Prabhjot Kaur (University Roll No: 10331430435, an ex-student of B.Sc. (Computer Science) program of our college. My acquaintance with her over the period of three years at that time provided me ample amount of time to study her closely and judge her capabilities. I had taught her programming in C++, numerical method and statistical techniques in Bachelor of Science . She took keen interest in the subjects. Her primary objective was to learn as much as possible and implement the learning and the results were always commendable. As a student in classroom and labs, I remember Prabhjot Kaur to be one of the few students who would finish the assigned task much before time. Apart from academics, Prabhjot Kaur was equally good at extra curricular activities. She played a vital role in organizing various college events and actively participated in numerous competitions. These participations highlighted her leadership, communication and organizing skills. Stating all this about her, I strongly recommend this candidate to your college University. I am sure that being in your institution she will give her best and prove to be an excellent student.

Thanking you
