

## STATEMENT OF PURPOSE

I, Mandeep personally believe in the importance of setting a goal and become more skillful and coordinate towards the development of my country. My country needs more skilled innovators who can create and launch cutting edge peaks to keep India at the forefront in every field. I decided that a Entrepreneurship program from abroad will be the next step in terms of my career development. Coming to my educational background, I have my **Matriculation** in the year **2008** from **Central Board of Secondary Education, Delhi** and **my Senior Secondary Education** from **Central Board of Secondary Education in the year 2010**. I also did my **Bachelor of Pharmacy** from **Punjab University, Patiala** in the year **2014** and I also done my Master in Pharma from ( National Institute of Pharmaceutical Education Research) in the year 2017. I prepared for **Duolingo** to make my profile eligible to apply for abroad and in the exam I scored **120** overall. . I started searching for best study destinations according to the latest study techniques and updations in the technology. I compared many different countries with each other and finally selected **United States of America**.

Studying abroad in America will provide me an ideal environment, characterized by flexible methods of education and continuous development process in the various fields of studies. With the advanced capabilities and access to all kinds of resources, American universities keep the education up-to-date, with all of the gadgets and engaging virtual experiences that today's generation of is already accustomed to. Therefore, by studying there I will find myself immediately introduced to new ways of studying, learning, researching, and taking tests. The education system in the USA offers courses and topics that broaden our worldviews, helping us realize our true selves and dreams. The biggest attraction about the

U.S. education is its creativity. Studying in the U.S. will give me a lot of opportunities to practice what I have learned. The universities in the US are not only about classes, books, and careers. The international students who come to the US enjoy several cultures and experience studying with people from different parts of the world. I would learn so many things, getting plenty of opportunities, and celebrate life overall with different people.

The **University of California, Riverside Extension** makes sure that every part of their students' education serves a purpose and bring them closer to accomplishing their professional goals. Their excellent and rigorous curriculum, outstanding faculty and convenient facilities provide all the necessary components to ensure my path to a successful future. This university is one of the youngest and most dynamic institutions in California. This university will provide me a professional education and I will be prepared for active participation, career advancement, and leadership in the global society. The institution intentionally embraces diversity and equal opportunity. Each program within this university is designed to ensure that all of the acquired knowledge and skills are valuable to its students, providing a practical and solid foundation for the student's future.

Seeking to make my roots strong in less time I selected to study **Post Graduation Diploma in Entrepreneurship** which is about how to monitor and clarify market openness, how to protect funds and look for strategic partnerships, how to create measurable marketing strategies, advertising, marketing, and organizational retention. The entrepreneurship program is designed for students to support their youth aspirations by enlightening them on various skills areas to develop them and motivate them to become self-employed. Studying entrepreneurship benefits students and learners from different

social and economic backgrounds because it teaches people to cultivate unique skills and think outside the box. Moreover, it creates opportunity, instills confidence, ensures social justice and stimulates the economy.

After completing this degree, I will attain some good entrepreneurial and administrative skills which will enable me to start my own business in my home country. An International degree will open many doors, whether it a job or a business. I will be able to raise the decorum of my profile that will make me earn a good income or profit in my field and my future will proceed towards a brighter path.

**Regards**

**Mandeep**
