LETTER OF RECOMMENDATION

To
The Admission Committee,

I am pleased to write a letter of recommendation for Neha, who wishes to pursue Masters in Business Administration at your esteemed institute. Neha has been my student for one and half year. During that tenure, I taught her "Kayachikitsa (Internal medicine)" and she deeply impressed me with her dedication and sustained commitment to learn new skills.

Her assignments and projects were marked by her remarkable enthusiasm and critical thinking, consistently seeking out ways to delve into subject matter and contribute meaningful insights. Neha has always participated actively in classroom discussions and practical sessions, putting her ahead of her contemporaries.

In addition to her academic brilliance, Neha is a natural leader and often took it upon herself to help other students with difficult concepts, to sustain a collaborative and supportive learning environment.

Based on my experiences, I believe Neha will offer a lot of value to her surroundings with her ambitious attitude. I can say, without any doubt, that Neha will be successful in her future career as well. As a result, I extend my support for her admission to the Masters program at your institute.
