

## STATEMENT OF PURPOSE:

Myself **Navdeep Kaur**, I did my matriculation from Central Board of secondary Education in year 2013 and senior secondary education from same board in year 2015 in commerce stream. Later, I completed Bachelors of Commerce in year 2018 from S.A. Jain (PG) College. To give wings to my dream to take my career to another level, I decided to pursue my further studies from **United States of America**. After Intensive research I shortlisted **UCR Extension** as my future institution. To meet one of the requirements for international students I gave **IELTS** and scored overall **8 bands**.

USA is a beautiful and welcoming nation that offers the best education in the world. It offers top-notch education by the top educationists. USA is one of the best nations to consider when planning studying abroad. With a variety of benefits to offer USA is my choice since it provides quality education, unique curriculum, and multicultural environment. The education system is flexible and provides abundant opportunities. The lively and vibrant campuses, cultural diversity and hospitality offered the international students are impeccable and add up to make USA a dream study destination. USA has a good number of universities to choose from. After an in-depth research I have selected my dream university **UCR University Extension**. UCR University Extension, through its professional, international, educator, youth, and elder programs, transforms lives around the world with innovative programs and learner-centred curriculum taught by outstanding instructors. The faculty brings passion, real-world practical skills, and top-notch educational and industry credentials to each and every course.

As per my field of interest I chose to do **PGD Global Logistics and supply chain Management**. With this program I will develop skills to identify international supply chains at both the global and regional level, and understand the key elements of traffic operations, imports, exports and overall management. My course will be Global Human resources, multinational financial management, and strategic management in the global environment. Also, I will be given opportunity to have an industrial exposure by the means of internship, the opportunity which is included in the curriculum.

I am really confident about this decision of mine, this degree will in turn me into an independent individual.

Thanks & Regards

Navdeep Kaur
