### Letter of Recommendation

It is my pleasure to recommend Arshdeep Singh (CBSE Roll No: 9653269), an ex student of class XII of our school in the session 2018-19 for higher studies in abroad.

Over the two years of our observation, He was regular and punctual student. Apart from academics, Arshdeep Singh was equally good at extra curricular activities. He played a vital role in organising various school events and actively participated in numerous competitions. These participations highlighted his leadership, communication and organizing skills.

Stating all this about him, I strongly recommend this candidate to your college/University. I am sure that being in your institution he will give his best and prove to be an excellent Student.

Thanking you
