★ Gap Justification ⇒
 Just after completing my diploma in mechanical I got a placement offer and in the same year I started working as a assistant engineer in Abrohy India Pvt. Ltd. Bawal. I worked there for almost five years but with no professional growth.

During the time I noticed that the higher level positions are only available with the ~~master~~ management degrees. Through this I decided to study a business course from USA which will help me in achieving my future target.

And the combination of both management and technical skill will help me in achieving my

future targets. Accordingly i
apply for present 2024 intake.
