STATEMENT OF PURPOSE

I, **Rahul Kumar** in this article have discussed about some of my academic goals. I did my Matriculation in the year 2019 from Central Board of Secondary Education and my Senior Secondary Education in the year 2021, Punjab School Education Board. In order to take some International experience, I want to go **United States of America** to pursue **Bachelors in Computer Science** from **Gannon University.**

 I choose this destination because USA is one of the most favourable destinations for international student across the world. USA aims to provide top class educational infrastructure indulging the most advanced study techniques for the students. On comparing USA with other countries, I found it to be very favourable to me in monetary terms too. It provides great scholarships to the students helping them to focus on their goals with more concentration.

I searched about various universities but selected **Gannon University.** Because this university offers undergraduate and graduate level programs, certificate programs. This university also offers day and evening classes for the students. Additionally, I am very impressed by the campus because it includes huge library and advanced techniques of teaching which is incredibly inspirational and motivating.

 I choose **Bachelor in Computer Science** which is related to area of my interest and also with my future goal to work as a information security manager. It will develop me as a lifelong learner and will keep me current updated in my professional field. I will learn to perform things ethically and professionally in industry by learning about computation operating system, software development, databases etc. So, will be development as a polished.

After completing this degree, I want to get employed with big reputed MNC companies in my home country. I am confident that this field of study will fulfil all these things, because success in this field means succeeding in achieving my dreams.

Regards

Rahul Kumar
