Degree: Bachelor of Science
Program: Biology
Start Term: August 2024

Dear Parveen Kaur,

Congratulations! We are excited to welcome you to Tiffin University for the August 2024 semester. You are now officially a part of the Dragon Nation and on your way to achieving your academic and career aspirations. We have reviewed your academic credentials and you have been admitted conditionally on *academic watch*. We believe that you have the potential for success and we are committed to supporting you in your journey. *Academic watch status* means that you will be placed on a Dragon-Guided Pathway designed to give you the academic resources and support to help you succeed.

It is important to note that academic watch status has specific conditions that must be followed.

- Students admitted on academic watch may enroll in no more than 12 credit hours in the first semester of attendance. You may be removed from academic watch at the end of your first semester at Tiffin University if you successfully pass 12 semester credit hours with a semester grade point average of 2.0 or higher. Earning a grade point average less than 2.0 in the first semester may result in academic dismissal.
- Tiffin University believes that class attendance and learning are related; therefore, students are expected to attend all scheduled classes. Not attending classes will negatively impact your academic performance, which may result in academic dismissal.
- You must submit your original or attested academic documents, which includes documents such as transcripts or yearly grade reports and mark sheets, or official leaving exam results from any school where you have studied, including secondary school and university. If your school does not issue official transcripts but only gives a diploma and mark sheet at the time of graduation, Tiffin University must receive a certified copy of the documents. Failure to do so will jeopardize your admission status and scholarship
- If your academic history suffers from the date of this letter, your acceptance and merit scholarship may be reviewed and, possibly, revoked.

You must submit your original or attested academic documents, which includes documents such as transcripts or yearly grade reports and mark sheets, or official leaving exam results from any school where you have studied, including secondary school and university. If your school does not issue official transcripts but only gives a diploma and mark sheet at the time of graduation, Tiffin University must receive a certified copy of the documents.

Please note that Tiffin University strives to safeguard the integrity of the admissions process. If it is determined that there has been any material misrepresentation in your application and/or related documents, we reserve the right to re-evaluate our admission decision.

Please do not hesitate to contact our office at +1 419-448-3287 or ia@tiffin.edu if you have any questions regarding your admission. Go Dragons!

Sincerely,

Natalie T. Chang
Associate Dean of Global and International Education
