B.A (2019) → MBA

Sudesh

After completing my BA in 2019, I wanted to make good use of my time while figuring out my next steps. I started giving home tuition to school students, helping them with subjects like English and social sciences. Teaching kept me engaged with academics and helped me improve my communication and management skills. As I organized lessons, worked with different learning styles, and managed schedules, I learned how important it is to be organized and a good leader. Over time, I became more confident in taking on responsibilities and guiding students. This experience made me realize the value of management skills in any career. That's when I decided to pursue an MBA, as I believe it will help me grow professionally and open up better career opportunities. With this in mind, I applied for an MBA from the USA for the 2025 intake.
