### **Letter of Recommendation**

It gives me immense pleasure in recommending **Ms. Kashish** (Enrolment No. A201931370 & Roll No. 2030231919) D/o **Mr. Rajesh** for her education abroad. I have known her for the past three years and taught her in the batch of 2019-22 at Maharaja Agrasen Himalayan Garhwal University. She has completed her **Bachelor of Commerce (B.com.)** programme in 2022. In these years of association, her attentiveness and impeccable personality has left an extremely favourable impression on me.

She is an extremely motivated person. She exhibits true professionalism in her approach to her curriculum. She has the initiative and maturity to higher level of education, which challenges her potential and draws the best out of her. During the lectures, she always displayed logical problem-solving techniques and the qualities of her assignments were unique and creative. She is keen to understand the scientific foundation of the topic rather than superficially working on it. Her true acumen to apply theory to practical situations will lead to the field she wants to Pursue. She has an inherent innovative personality and she could bring her ideas to life.

She is one of the rare students who can balance their academics with their extracurricular activities. She respectfully assisted her seniors during the seminars and harmoniously gelled with her juniors. Over the years, I have seen her evolve as an intellectual person with good set of rhetoric skills.

She is an ambitious student who can work independently as well as in a group with equal ease due to her friendly nature and the sense maintaining strong relationships. She is curious to learn new things and explore outside the classroom. I concur with her decisions to pursue graduate studies and strongly recommend her for admission at your prestigious institute because I am quite sure that she will have the same energy that she had back in campus. I wish her great success in all her future endeavors.

With best wishes,

  
Dr. M.K. Verma
