LETTER OF RECOMMENDATION

TO WHOM IT MAY CONCERN

This I my pleasure to write letter for Mr. Nikhil Chopra S/o Sh. Bhagwan Dass. He has completed B.PED (Bachelor of Physical Education) from our college during the session 2020-2022. I have taught him Sports Management and I found him very sincere, diligent and attentive in class. His positive and active participation in the class brought newer aspects in many discussions.

Nikhil Chopra is an outstanding individual with a strong character. With motivated attitude he has the ability to produce impressive results in a wide variety of areas. He has good communication skills. He has strong moral and ethical standard. He has always displayed considerable dynamism during discussions and in practical classes. He has right temperament required for research and I can assure that if he gets the right exposure and environment, He will meet enormous success in his graduate study at your university campus. His aptitude for learning, sincerity and his probing quality are some of the strong points worth mentioning.

In addition, He has the ability to manage and organize his time and schedule different activities without interfering with college. His experience at college provided him the aptitude that he needs for Post Graduate studies.

I m sure you will find him to be a student whose talents will only shine further through your Post Graduate program. I will highly recommend his admission to your university. If you would like any further information, please be free to contact me.
