Neeraj kaliraman 2023 (+2 non med . to computer engineering)

As I complete my senior secondary education in 2023 , my interest in computer engineering has drawn me towards the technical field . I aspire to become a proficient Cloud Solution Architect. I did a thorough study on it before pursuing my further studies and it resulted in the understanding that this role demands a blend of technical expertise, architectural ability, and continuous learning to keep up with the rapidly evolving cloud landscape. This strategic role involves designing, cost-effective, and resilient architectures, making it indispensable in today's digital economy. Recognizing the importance of professional knowledge and guidance, I am planning to pursue a bachelor's in computer engineering in the United States, aiming for the 2025 intake.
