LETTER OF RECOMMENDATION

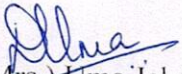

I am proud to introduce one of the studious student Ms. Kusum Devi bearing Roll No. 2016046 Regn. No. 16-NIM-045 BATCH 2016 to 2020. She was the student at under graduate level. As a teacher, I witnessed her zeal and commitment towards work and is not bounded by the syllabus requirements. During the internship she was in regular touch with me.

She is hard working, sincere, and honest and has sound knowledge. She is a keen learner, always ready to grasp new concepts and is very decisive in her quest for academic growth. She is a pleasant and has enthusiastic personality.

Ms. Kusum Devi has good communication skills, and is good in English language. Apart from academics she had shown great enthusiasm in extracurricular activities. Personally she is warm and amiable. I am certain that adjusting to an alien environment would not be difficult for her.

I strongly recommend her candidature for the admission in any university of repute. I am sure that she will definitely maintain her scholastic performance and will prove a useful asset to institute.

I wish all success in her future endeavors.

LETTER OF RECOMMENDATION

It brings me tremendous joy and happiness as I introduce Ms. Kusum Devi bearing Roll No. 2016046 Regn. No. 16-NIM-045 batch 2016 to 2020. She was the student at under graduate level. As a teacher, I witnessed her zeal and commitment towards work and is not bounded by the syllabus requirements. During the internship she was in regular touch with me.

One aspect of Kusum Devi's personality that I think should be brought out here is her ability to perform well continuously without a break, at peak operational level. She is capable of putting in long hours in to deliberating over issues and taking answering decision. This passion held her in good repute among teachers.

Over the years that I have observed Kusum Devi one major change that I have noticed in her is the big improvement in level of maturity and her ability to comprehend and understand the intricacies of high level nursing. I strongly recommend her candidature for the admission in any university of repute. I am sure that she will definitely maintain her scholastic performance and will prove a useful asset to institute.

I wish all success in her future endeavors.
