Jaspreet Kaur
(Kaur)

After completing my BSc in Biotechnology in 2022, I wanted to find a meaningful way to apply my studies in the future. Through extensive research, I discovered that there is a significant and growing demand for hair and skincare treatments. Given my background in biotechnology, I already understood the scientific principles underlying these treatments, which sparked my interest in the industry. Inspired by this opportunity, I developed a business plan aimed at enhancing patient outcomes by establishing clinics that integrate advanced dermatological practices. My vision was to create a space where innovative treatments could be offered, ensuring that patients received the best care possible. However, as I delved deeper into my plan, I realized that my lack of knowledge in business and management was a major obstacle. Recognizing the importance of these skills, I decided to pursue an MBA in the USA. This program would provide me with the essential business acumen and strategic insights needed to turn my vision into reality and contribute positively
