Father ~~his~~

My deep connection with my ~~father~~ ^{aunt} and ~~her~~ battle with cancer profoundly shaped my perspective on healthcare. After completing my medical studies in 2014, I felt a strong urge to explore the complexities of cancer treatment, particularly the role of radiology. Through my personal research, I uncovered a significant gap in public awareness regarding diagnostic imaging. Many people lack essential knowledge about how radiology contributes to early detection and treatment, leading to misunderstandings about their healthcare options. This realization inspired me to make a positive impact by educating others on the importance of radiology in cancer care. I began writing a book on this topic to share valuable insights. To further my mission, I have applied for a diagnostic imaging program abroad, where I aim to gain the expertise needed to develop accessible educational resources that empower patients and enhance their understanding of the crucial role radiology plays in improving health outcomes.
