Dated: 15.07.2024

LETTER OF RECOMMENDATION

It is with great pleasure and enthusiasm that I am writing to endorse **Priyanka Rani D/o Balwinder Kumar** in teaching of this subject. I as a professor and associated with the department of Child Health Nursing teaching of this subject.

Her creative ideas for presentations and activities were inventive and they were astonishingly effective. I have closely and carefully observed the capabilities of this student and found impeccable characteristics of her being seen hardworking, enthusiastic with profuse academic curiosity. She has maintained a good academic record and we are very confident that same will be going to continue further too. She was ever ambitious to maintain Second positions in her **GNM batch Sept 2011 to June 2015** of students and also she is committed to fulfill the responsibilities assigned within the time frame and it is observed that she never fumbles and tries to steadily overcome her emptiness maturity. She was very generous with her time and energies. Her personal stability is strong enough to drive her further in achieving her academic and personal goals. Medium of instruction in class and conduct of examination has been English. She studied all her subjects in English medium regularly for all this period.

Your program of study sounds ideally suited for Priyanka's needs and talents. She will be coming to you with the qualities of good nursing student, warmth, compassion and integrity. She will come with enthusiasm for learning and as well as resolute desire to understand new theories and ideas. It is exciting to think of the ways in which she might contribute to your program.

I urge you to carefully consider Priyanka who is quite simply, the most remarkable student I have ever met. I am confident that she would do pride to the institution where she joins for further studies.

Yours Sincerely,
Principal
Adarsh College of Nursing
Mrs. Simranjeet Kaur
Vill. Chounth, Patiala
