Princedeep Singh  
14 Oct 2024

Rincedeeep Singh 2023 - GAP  
+2 Non Med. to Bachelor of  
computer.

I have always been passionate about the technical field, and after completing my studies in 2023, I decided to deepen my knowledge in this rapidly evolving area. I was particularly attracted to robotics because of its immense potential and future opportunities. Robotics is a dynamic and growing sector poised to transform various industries. Its future looks especially bright, as robots are becoming increasingly essential in fields like manufacturing, logistics, and healthcare, improving both productivity and safety. As industries continue to embrace robotics technology, the demand for skilled professionals in this area is expected to increase. Recognizing the significance of this trend, I felt highly motivated to acquire the necessary expertise and applied for a computer science program in the USA for the 2025 intake.
