Roshani

After completing my studies in 2023, I decided to take some time to carefully evaluate my career options and make an informed decision about my future. This period of reflection was important to me as I wanted to ensure that the next step I took would align with my long-term goals. Additionally, as I am married and have a child, it was crucial for me to spend quality time with my family and focus on my child's upbringing before making the significant decision to pursue further studies abroad. During this time, I didn't remain idle. I actively engaged in online studies to explore and finalize my course options. Through my research, I realized that pursuing a business degree would provide the most valuable opportunities for my career. Given the strong reputation of business programs in the USA and the global recognition of their quality, I decided that studying in the USA would be the best path forward. After fulfilling all the requirements, I applied for the 2025 intake, confident that this decision would help me achieve my academic and professional aspirations.

### Source of sponsorship.

My maternal uncles are funding my education, as I am the only daughter in my maternal family, and I share a close bond with them. They are currently supporting me with their savings of ₹47 lakhs. My uncles operate a business where they run a showroom that sells ready-made garments for both men and women, as well as children's clothing, generating an annual income of ₹23-24 lakhs. Additionally, my husband works for XTZ Company in Qatar in the position of XYZ, earning an annual income of ₹13-14 lakhs.
