Nauneeet Kaur [GAP - 2019]

[Non - Med .
to
Computer Science.]

After I finished my studies in 2019, I decided to apply my technical knowledge to my father's business, which faced challenges during the lockdown. To adapt this situation, we began selling our products on various e-commerce platforms i was handling all the things and soon I realized the need for a more efficient system to handle the increasing orders and customization requests. I am currently planning on developing software for customers to place orders based on their preferences and plan to utilize graphic and textile design software to create new patterns and designs for our fabrics also, Adobe Illustrator, and CAD software can be particularly useful. Additionally, I have applied for the 2025 intake to pursue a Bachelor of Computer Science in the USA.
