Gauima Bhatia +2 ~~Health~~ Medical  
to  
Biology.

After completing my studies in 2024 I decided to explore how biological sciences could address real-world challenges. Fascinated by how natural processes can improve human health and well-being, I began researching plant-based remedies for common skin and health issues. I explored how biology plays a role in understanding medicinal properties, and how this knowledge can create effective solutions. This journey sparked my passion for studying biology at a deeper level to contribute to innovations in health and environment. Motivated by this, I chose to pursue a Bachelor's in Biology in the USA, I successfully applied for the 2025 intake and secured my I-20 to turn this vision into reality.
