2021 GAP.

(Simpy)

BCA to Master in Info. Sciences.

After completing my BCA in 2021, I began freelancing for several local companies, where my role involved creating and managing their websites. I was responsible for enhancing the companies' profitability and elevating their brand identity. Through this experience, I realized that a master's program would equip me with advanced knowledge in information systems, data management, and emerging technologies essential for web development. This further exposure to the latest trends and tools in the industry would help me maintain relevant and competitive skills in the rapidly changing tech landscape. Consequently, I decided to pursue my master's degree in the USA, and I have started preparing for the English proficiency test, having received my I-20 for the upcoming 2025 intake.
