Letter of Recommendation

I Know **Bhupinder Singh** as one of the hard working and disciplined students who have passed out from this school. He is very curious and knowledge-thirsty student who is very serious about his studies and academic career.

He had shown his inclination towards the field of Business Administration during the career guidance session held in the school. He wishes to pursue a course in this field in your institution. I strongly recommend his name for the same with conviction that He would prove to be a very good student in his studies ahead.

I wish her all the luck and success in life.
