Sheha
29/01/25

TZ 10005 - 1 Dec. 2024
(Sheela) - 2024

2024

Aiming to work as a Robotics Programmer, I decided to explore my interest in robotics after completing my 12th grade in Arts. ²⁰²⁴ During this time, I delved into understanding the fundamentals of robotics by studying essential concepts such as automation, control systems, machine learning, artificial intelligence, and sensor technology. I focused on how these technologies integrate to create intelligent robotic systems, which further fueled my passion for this field. This motivated me to pursue a Bachelor's degree in Computer Science to build a strong foundation in programming, algorithms, and hardware systems. My long-term goal is to contribute meaningfully to the robotics industry, particularly to companies like DiFACTO Robotics and Automation in my nation, by developing advanced autonomous robots and working on projects that positively impact sectors such as healthcare and manufacturing.
