+2 (2024)

Non-Medical → Bach in comp. Sci
Grant

From a young age, I've always had a strong interest in gaming and streaming. Watching movies and series related to these fields deepened my passion for them. After completing my 12th grade in non-medical studies in 2024, I decided to take a year to plan my career and explore these areas further. During this gap year, I focused on learning more about computer science and delved into the world of gaming and streaming technology. I studied how gaming and streaming apps are developed, paying attention to user-friendly designs, live streaming features, and multiplayer systems. After completing my bachelor's degree, I plan to pursue a specialized course in game design or streaming app development to enhance my skills. To achieve these goals, I've applied for a bachelor's program in the USA for the 2025 intake, where I can gain the knowledge and experience necessary to build a career in this exciting field.
