## LETTER OF RECOMMENDATION

It is my immense pleasure to support Garanpreet kaur, Roll No. 2024239913 candidature to your institution, during her study from 2023 to 2024. I taught her Physics. I still clearly remember her for her innovative ideas which she showcased as a student. She also reached out to me post her graduation for professional guidance. She was a complete student and showed impressive grasp of technical concepts.

Garanpreet kaur is a hardworking and committed student. She not only performed well in academics but, she showed spectacular performance in extra-curricular activities like tech fests, seminars and other events. I was highly fascinated with her time management and leadership skills. She was the class representative and managed the whole class in an outstanding way in last 4 semesters. She was actively involved in guiding her juniors to secure good grads and get best out of them. She was a punctual student and never failed to meet my deadlines. Despite having multiple assignments to complete in a semester, she never delayed the submission nor asked for extra time.

I strongly recommend Garanpreet kaur for her graduate studies in your institution. Her keen desire to explore and learn will take her far in life. I wish her all the best for her graduate studies. Please feel free to contact me in case you have any queries on this recommendation
