+2 (2024) → BBA
Economics
Sharanpreet

After completing my 12th grade, I developed a strong interest in Economics, particularly how economic principles shape business decisions and influence markets. During this time, I learned about supply and demand, market structures, and the impact of government policies on businesses. I realized that a solid understanding of Economics is crucial for making informed business decisions, especially in today's dynamic global market. In the real world, Economics plays a key role in the business sector, from determining pricing strategies to understanding consumer behavior, forecasting market trends, and optimizing resources. Many businesses rely on economic analysis to navigate challenges like inflation, currency fluctuations, and market competition. This inspired me to pursue a BBA, as I believe it will allow me to apply my knowledge of Economics practically and give me the tools to succeed in the business world, helping businesses make smarter decisions and grow effectively.
