DO
Muskan

During my gap period after completing my senior secondary education in commerce, I developed a keen interest in the stock market and investments. I spent time understanding how stock prices fluctuate, how global events affect markets, and the basics of trading. While learning about different investment strategies, I realized that many Indian investors struggle with risk management and long-term financial planning. This made me eager to study finance in depth, so I decided to pursue a BBA. This degree will help me gain the necessary knowledge of market analysis, portfolio management, and financial strategies. With these skills, I aim to contribute to improving financial awareness in India. Accordingly, I have applied for the 2025 intake to take my understanding of the stock market to the next level.
