My background in my father's business of crockery gave me a solid understanding of business related tasks, from managing daily tasks to ~~understanding~~ understanding the importance of product quality and customer satisfaction. However, on the other side, I was clear with my academic visions to study in USA, and this work with my father helped me to find out my correct interest in business. I have a plan to get a BBA degree from USA and also

introduce the growing trend of modular kitchen setups in my father's business after returning to India.
